GOVERNOR

Dear Community Leaders-

I am pleased to present you with an application and comprehensive guidance to apply for funding from the Wireless Communities Georgia Program. At my recommendation, the General Assembly appropriated \$4 million for this program in the FY2007 budget.

This program is designed to assist at least three communities in establishing a wireless high-speed network. Through this program, we hope to:

- promote economic development
- expand educational opportunities and
- improve government services.

Wireless Communities Georgia is part of my commitment to improving the availability of high-speed Internet access to make Georgia a state where there is a growing economy, good jobs and thriving communities for our citizens.

If you have any questions after reviewing the application guidance, please e-mail them to [wccg@gtg.ga.gov](mailto:wccg@gtg.ga.gov).

I appreciate your interest in the Wireless Communities Georgia Program and applaud your efforts to make our communities a better place to live and work. Together, we can see Georgia's communities innovate and grow.

Sincerely,

A handwritten signature in cursive script that reads "Sonny Perdue".
